WHY LEASE YOUR EQUIPMENT?

THE POCKETBOOK APPEAL

Conserve Your Credit And Capital!

Leasing enables you to obtain equipment without utilizing a credit line, applying for a bank loan, or draining your savings account. Your lease payments not only conserve your capital and credit lines, but also leave you with a certain comfort knowing that your finances are not tied up for when they are needed most.

10% Financing

In addition to financing the equipment you are acquiring, LII also includes the shipping, delivery, installation, and training "soft" costs into your payments. Our ability to finance the entire transaction makes your acquisition easy, and prevents you from shelling out for those additional costs up front.

No Prepayment Penalty

Unlike other financial institutions, LII will not penalize you should you decide to payoff your lease early.

It's Fixed!

Your rates and payments are fixed. They will not change even if conventional interest rates increase.

COMPETITION, COMPETITION

Get The Competitive Edge!

Leasing affords you the opportunity to stay competitive and gain that edge. You may acquire the latest technology to help boost your business.

Extremely Competitive Rates

We work hard to continually offer you competitive, low tax-exempt rates.

ACQUIRING YOUR EQUIPMENT

Obtain What You Need Now!

When you lease, you can acquire and utilize your needed equipment without delay. Furthermore, you may reap the benefits of your leased equipment before a payment is required to be made.

Hedge Against Obsolescence

Technology is constantly evolving and improving. Keeping your equipment current is quite the challenge as upgrades can be rather costly. Leasing gives you access to the most current equipment, which alleviates you of these high costs. LII can structure your lease to incorporate frequent upgrades through trade-ins with equipment lease renewals. This preserves your budgetary monies and increases productivity!

ADDITIONAL ADVANTAGES TO LEASING

Ownership of Equipment

You will own the equipment upon the completion of the term.

Trade-In Value

Trade in your leased equipment and attain credit to put toward your next purchase.

Leasing Is Easy & Fast

Simple paperwork makes leasing the fastest growing form of equipment financing!
